

# Fingerprint Seasons

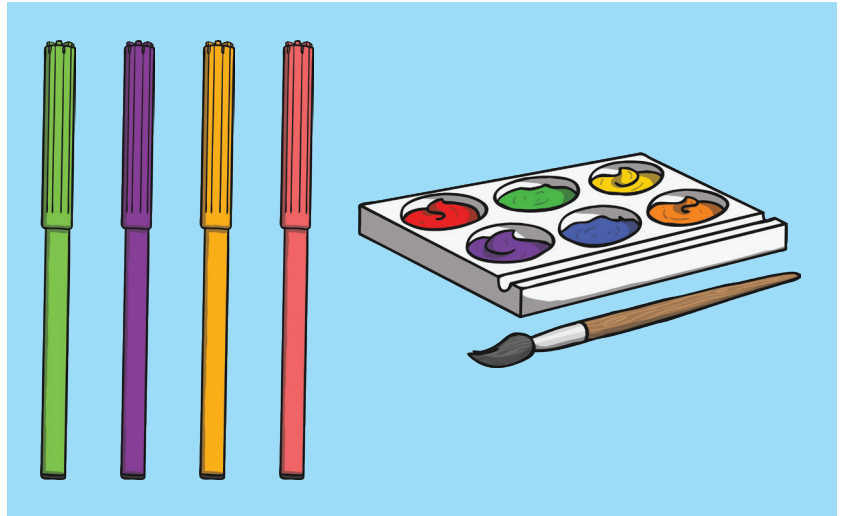

## You will need:

Blank Seasons  
Calendar 2020

Paint: various colours

Paintbrush

Felt-tip pens: black,  
orange, brown, red, green

## Instructions

Use fingerprints and paints to create different pictures according to the season:

**spring:** paint a background with a green wash. When dry, use yellow paint to create 'chicks' using your fingerprints. Once the chicks are dry, add details of beaks, feet and eyes using felt-tip pens.

**summer:** paint a blue wash 'seaside' backdrop. Once dry, add 'fish' using fingerprints and different coloured paint. Once the fish are dry, add details of fins, tails and even scales with felt-tip pens.

**autumn:** paint an orange wash background. Once dry, use brown paint to create fingerprint hedgehogs. Once the hedgehogs have dried, add details such as a snout, eyes and spines, using felt-tip pens.

**winter:** paint a black wash background. Once dry, add fingerprint snowmen using white paint. Once the snowmen are dry, add scarves, hats, twig arms, buttons, eyes and a carrot nose using felt-tip pens.
