Comparing Two Birds

Puffin

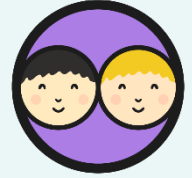

Goldfinch

What are the differences between the two?

How would you describe their shapes?

Look at the patterns and lines.

There are many different kinds of birds. Here are a few you could sketch. If you prefer, have a google and see what others you like the look of. Remember when we sketch we don't press hard onto the page – it should be easy to rub the lines out. It creates a finer texture to your drawing.
