

Earth Acrostic Poem

Amazing Fact

Scientists have estimated that if you could drill a hole right through the earth and jumped in, it would take you 38 minutes to come out on the other side.

Challenge

Write an acrostic poem about the earth.

E _____

A _____

R _____

T _____

H _____

You could also try to find out:

- whether your speed would be constant;
- if gravity would get stronger or weaker as you got closer to the centre of the earth;
- what layers the earth is made from.
