

Homes

Today we will be...

Designing our own homes.

Hello children,
Do you remember us? We are the
Three Little Pigs. The big bad wolf
blew two of our houses down. There
isn't enough room for us all in just
one house. Can you help us to design a
house we can all live in? It only needs
one bedroom (we don't mind sharing)
but we also want a nice living room
with a big fireplace in it. Can you help?
Love from,
The Three Little Pigs

How could we make the kind of house
that the Three Little Pigs want?

Hey kids!

I just wanted to write to ask you for some help. Ever since the wolf came along, my grandmother has been scared of being in the woods all alone so I am going to build a house next to hers. Can you help me design it? I need a nice cosy bed, a chair Granny can come and sit in and a fireplace with a chimney. Also, I love red so can I have some red decorations?

Love from,

Little Red Riding Hood.

How could we make the kind of house that
the Little Red Riding Hood wants?

There are lots of different things you need to think about when you are designing a house. Have a look at these questions and start thinking about the house you will design...

Who are you designing the house for? Who will live in it?

How many rooms will the house need to have?

How will you decorate the house?

What will the house be made from?
