Dear Parents/Carers,

RE: School Milk

As many of you know, all children under the age of 5 years old are entitled to Free School Milk. The School Milk provision is also available to any child over 5 years old whose parents have paid for milk during the school year.

School Milk is a wonderful way to provide your child with additional nutrition for healthy teeth and bones and to keep your child refreshed between breakfast and lunch. Many of our children receive School Milk and we encourage them to do so!

Unfortunately, over the summer we were advised that our School Milk Provider (Fresh Pastures) would no longer be operating this academic year. We have now secured a new provider for our School Milk (Cool Milk) and we'll be providing you with any relevant information as we receive it. However, this does mean that for the first couple of weeks this school year we will not be receiving any school milk deliveries, while we work on setting up this new contract. Please know that we are doing our very best to get our School Milk service started as soon as possible.

In the meantime, please do not pay anything to Fresh Pastures and make sure that your child comes to school with a water bottle (filled with water) to hydrate them throughout the day, especially during this first week back where we have been blessed with some unusually sunny and warm weather!

If you have any questions regarding School Milk please let us know.

Thank you for your understanding.

Kind regards,

Mrs. Snejberkova-Taylor
