5th October 2023

Planetarium Visit for Rec, Y1, Y2, Y3 and Y5

Dear Parent /Guardian

I am thrilled to inform you of a special visit that we have organised for our Reception, Year 1, 2, 3 and 5 children.

On **Thursday 19th October**, Aurora Planetarium will visit St Francis and provide our children with an immersive **360-degree planetarium dome experience**. The visit will include presenter-led shows using the very latest digital planetarium software, space films and animations, plus the children will have the chance to ask lots of questions to an expert in the field.

The experience will help to consolidate/prepare your child's learning on Space and provide them with further challenge. This is a wonderful opportunity for the children to enjoy high quality learning resources and engage with a provider which offers astronomy outreach through a unique mix of creativity, knowledge and experience.

In order to make this visit possible, we will require:

Rec/Y1/Y2/Y3 - £2

Y5 - £4

Y5 are charged more, as it is a much longer, in-depth session. All payments can be made via Parent Pay - a text message will be sent from the school office with further details. Thank you.

Yours faithfully,
Miss Holder (Y5 teacher)
